# OUR INSPIRATION

## Shri Indravadan A. Modi

(1926-2012)

Founder Chairman  
Cadila Pharmaceuticals Ltd.  
IRM Group Companies

Indrashil University (IU) was established as a philanthropic initiative of its Founding Chancellor, Dr. Rajiv I Modi in the loving memory of his parents, Shri Indravadan Ambalal Modi and Smt. Shilaben Modi who laid the foundation stone of Cadila Pharmaceuticals Ltd. in 1951.

To honour their legacy of care and compassion, the university's governing body and Dr. Rajiv Modi are determined to holistically transform and develop the University into a hallmark of global academic excellence.

An education initiative by

## Our Vision

Indrashil University strives to be an epitome of excellence in higher education by imparting knowledge, focused education and experiences to students in the field of Life Sciences and the research aspects related to it. This will empower them to go back to the world as expert in their fields, serving humanity and giving back to the world, which is sciences at its best.

## Our Mission

Indrashil University strives to realize their mission by providing their students with high quality education and training that is unmatched. Combining rigorous academic study along with the support of industry experts, students get prepared as sector specialists with a global footing.

## Genesis

Indrashil University was established as a philanthropic initiative by its Founding Chancellor, Dr. Rajiv Modi in memory of his parents, Shri Indravadan Modi and Smt Shilaben Modi.

Shri I.A. Modi, founded Cadila Pharmaceuticals in 1951. He is also known as the Medicine Man of India.

An educational initiative of Cadila Pharmaceuticals Ltd., Indrashil aims to be a world class University with a special focus on Research and Academics to achieve global standards of excellence. It is established by the Act of State Legislature of Gujarat as a State Private University under the Gujarat University Act, 2009. The University offers undergraduate and postgraduate programmes in Engineering and the Life Sciences along with advanced research in the field of life sciences.

## **Message from Director**

The health care demand is rising worldwide and the concern on spending in this sector with returns is equally increasing. The present health system in India is facing a lot of challenges with acute crunch of skilled manpower as one of them. This dearth of trained medical personnel needs immediate address to cope up with the issues related to management in the hospital sector. Indrashil University has sensed the requirement and initiated one-year program which is developed with the contribution from industry experts and academicians. In an effort to design high quality curriculum with valuable industry inputs, we have tried to cover major aspects/concepts of hospital management. I am confident that the students will benefit from high standard content, delivery and evaluation methods. Again, highly qualified and experienced faculty resource will bring in best of the knowledge meeting industry needs. Additionally, a special focus will be paid to right skills and right attitude required for developing quality healthcare workers.

I am confident that the takers of this program would resonate with the philosophy of Indrashil University and uphold the motto of serving the mankind post completion of the program.

**Best wishes,  
Dr. Ashwini Vora  
Ph.D (Healthcare)  
M.B.B.S., M.B.A**

# POSTGRADUATE DIPLOMA IN HOSPITAL MANAGEMENT (PGDHM)

## Program Overview

Due to the rapid growth in the hospital sector, there is a great need for professional managers to improve efficiency and effectiveness of private as well as public sector hospitals. So there is a need felt for a program that is designed in a manner to impart sound knowledge of concepts and management fundamentals for hospital functioning under different modes. This curriculum will develop professionals who would demonstrate strong problem-solving acumen and analytical skills alongside great people dealing skills. The students of this course will imbibe in them a sense of ownership towards the service to patients and the society at large.

## Objectives of this Program

- To understand the managerial skills and their implementation in an organized way in the hospital sector.
- To acquaint full functioning of the hospital sector
- To familiarize with the National Health Programs and Insurance and its application in Hospitals
- Efficiently implement the process of accreditation in the health sector
- To develop managerial abilities and analytical skills, and training to communicate with the community, interaction with government and statutory authorities

## Why Choose this Program?

Indian Healthcare sector is growing at a cumulative average of 16.5% and will reach USD 280 billion; in near future, this sector will create 40 million new job opportunities. Again, it is estimated that hospital constitutes 70% of the healthcare sector. The growth of private sector, changing lifestyle and current pandemic created immense job opportunities for professionally trained and skilled executives in the present time and this demand is likely to increase in the future. It is an obvious fact that well-managed hospitals can achieve superior output, patient satisfaction and effective clinical success all at one go. A satisfied patient will market the hospital through word of mouth and may become a Brand Ambassador of the hospital that provided support and services to the concerned.

## Program Structure

- Total Credits: 20
- 9 Compulsory Modules (18 Credits)
- Trimester system
- Last Trimester Project (2 credits)

## Eligibility Criteria

- Any Graduate (Science/Medical / Paramedical / Business Administration/ Commerce/Arts)
- Minimum 50% marks obtained in the last University Exam

## STUDENT PROFILE 2021-22

# Rajeev Dalal

MBA

---

Ex-Deputy Registrar  
NMIMS  
Experience: 35 Years

Based on my academic journey at PGDHM, it was very insightful and excellent learning with essential subjects of Management which are taught by experienced teachers, who have rich experience in teaching and working as well as in Hospital and Healthcare Industry. Active participation during lectures and exchange of views results in clear learning about the hospital Industry.
